VISION

To make global presence

MISSION

Contribution to society through the creation of global competence.

INFRASTRUCTURE

Knowledge Center

With more than 6000 books covering all the aspects of management, the knowledge center of MIM has been up and running right from the starting day of the MBA program. With half a dozen online databases accessibility and score of HR cases, it caters to the task of keeping the participants abreast of the latest business activities. Key dailies and journals from the Economic, Financial and Social Sectors find special place in the library. It has been instrumental in appreciating the knowledge currency in the institute.

STIMULATING CURRICULUM

Course Pedagogy

Academic excellence is fostered through innovations and increased efficacy in teaching methods. The gamut of teaching methods at MIM Pathanamthitta, includes optimization of diagnostic testing, problem solving and decision making techniques. Extensive use of audio-visual aids and computer based learning methods promote creativity, curiosity and inter-personal development.

Every student begins his managerial education at MIM Pathanamthitta, with a two week foundation course, which is an orientation to the realities and challenges in the world of business. What follows is a plunge into the concepts drawn from priceless experience in an interactive classroom setting. It is rounded off by participant driven case analysis.

Apart from the classrooms, learning happens at MIM by panel discussions, forums, weekend projects, Guest Lectures and continuous interaction with other B-schools, so that, students are well prepared to take up the challenges that the dynamic global business environment today provides.

MESSAGES

Dear Recruiters,

It is my pleasure and privilege to place before you the Placement Brochure for the year 2019 for the Masters in Business Administration. I am honoured to present before you a group of young, vibrant, potential managers who would prove to be an asset to your organization. Considering the rapid pace of innovation in the area of management science, a high degree of specialized knowledge is important to build a winning career. To make an impact in this field, the latest learning and specialized domain expertise is the single most critical factor of success.

MIM strives to groom prospective managers with higher degree of specialized knowledge and inculcate in them industry oriented competitive mindset. We, not only train the students to become excellent managers and leaders but also help them to shape themselves into better human beings. Our teaching methodology is based on extensive case studies, presentations, daily business and current affairs, updated sessions, group discussions and simulations. Regular industrial visits give our students appropriate environment to build on their creative and entrepreneurial skills. The dynamic, well groomed and trained students will definitely impress you by their relentless passion for excellence and by their commitment and dedication.

Sincerely yours,

Sherief Mohammed P I
Chairman

Dear Recruiters,

It is my pleasure to present our Placement Brochure 2019-20 to the corporate world as the Director of Musaliar Institute of Management, Pathanamthitta. Right from the inception, MIM has a very active linkage with industry and focused on building leaders who deliver true value to the organizations that they work for. MIM selects students with high leadership potential. Our strong and experienced faculty helps guide and shape our students through a curriculum that has been built through regular interaction with the Industry. I am firm in our commitment towards producing competent and confident students to successfully face the future challenges.

I appreciate the efforts of our vibrant Training and Placement Cell who are in constant touch with industries for the training and placement of our students. We look forward towards enduring and fruitful relationship with our esteemed recruiters.

I welcome you to our campus and meet our young managers. We are committed to ensure the best recruiting experience and assure you of our best efforts. Happy hiring.

Sincerely yours,

Dr. K Gheevarghese
Director - MIM

Dear Recruiters,

Today global business environment is undergoing revolutionary changes. The Gig economy, VUCA environment, Big Data, Analytics and the Millennial Consumers new buying behavior is changing the very definition of business. We, at MIM make learning relevant, and equip the Management Trainees with the agility and drive to constantly rethink, reinvigorate, react, and reinvent solutions and become successful future business leaders. MIM has thus, an inbuilt advantage of having a professional focus and the programme is designed to acquire a distinct identity of its own. Rigorous external validation, corporate interaction and systematic blending of cutting edge theory with real world experience are incorporated in the pedagogy. Our campus vibrates with various seminars, workshops, conferences and other co-curricular activities. They help our Management Trainees to get insight into their self and their soul, choose their lives priorities and materialize their fondest dreams. These are exciting times for budding managers of MIM and I welcome you to be a part of our journey in search of excellence.

Sincerely yours,

Prof. Prakash Nair

ALUMNI SPEAK

Jithin Zacharia John
HDFC

I'm so fortunate to say that I'm an alumni of MIM. I did my B Tech from Musaliar College of Engineering & Technology and MBA from Musaliar Institute of Management. Since the first moment I came to MIM I was met with energy and enthusiasm. The campus is located on nature's lap away from the rush of city. The best thing about my College is that we are like a family. Teachers are always supportive and find their best to push the students beyond their perceived restrictions. classes are exam oriented and basic exam techniques were taught. In-case of any difficulty we could easily approach our teachers. In this highly competitive world exposure to practical experience is very critical & MIM does this part perfectly.

Industrial visits, job oriented training sessions, corporate talks, management fests etc give MIM a unique place among the B-schools in India. Being surrounded by motivated & like-minded friends helped me to work harder & achieve what I wanted to achieve. We do keep in touch and still remember the good times at MIM. Last but not the least we have an excellent library which helped us to open up the windows to the world of creativity and inexhaustible source of knowledge. MIM gave me an opportunity to be creative, resourceful and proactive. i could work on a cross-functional and cross cultural dimensions in today's global business environment. I really believe it is a privilege to come to this college & I'm so glad that I made the right decision.

As the first batch of MIM under KTU, I look back at my time in Musaliar Institute of Management as a great experience. Our dear faculty team was always welcoming, informative, professional and clearly dedicated to the students. If I am at all anything close to MBA material, it is the dedication and motivation of our faculty members. MIM provided me a platform to realize my true potential and to make the best use of it. All my faculties were outstanding and gave me the best guidance possible. One can learn from books but originally it is always the faculty, industry interface and surrounding environment that can transform a student into a professional which I was fortunate enough to get here. MIM provided us with a lot. To elaborate: opportunities of regular interaction with industry leaders and eminent faculties; excellent course syllabus, a growth inducing environment and of course, placement in my area.

I feel honoured to have been a student of MIM with a faculty team who treated us like family and the wonderful friends I made. MIM stands for whatever and wherever I am today. Thank you MIM for the wonderful memories of 2 years and I wish the institution all the very best.

Saranya S N, Audit Associate KPMG

My overall experience with MIM is very positive and memorable. The experience is structured in a way that it gave me more freedom and control over what I have to do. MIM polished my thought process, behavior and attitude towards the world outside and moulded me what I am today. Approachable faculty members, supportive management, green campus and a bunch of vibrant friends are keen parts I liked most in MIM. I got opportunity to become part of various academic and socially relevant programs which gave me great exposure and lot of intainment. The pressure and stringent behavior from the teachers made me feel like I am in some pressure cooker during the first semesters, but I must say that initial pressure fuelled all the potential capabilities and empowered us to do our best in whatever all activities we were engage thereafter. Now, being a part of real corporate world, I realized the goodness and value of everything I earned from the campus. My future holds no limits and I consider MIM to be a great institution that can fuel the budding and potential people resources through its commitment to excellence.

Before I joined MIM, I believed that intelligence matters in MBA profession, but after my course completion from there I realized that attitude stands above intelligence in career success. Flourished greenery around my college give me a good ambience to create a strong mental affiliation with my college. CHAKRAVYUH 13 my college first management fest, helped us to believe that nothing is impossible, if we are completely dedicated for a thing. My teachers, friends, every one supported me in my career development. Thanks MIM for giving 2 such wonder full years which gave me a passion to my profession with innovative thinking and positive attitude.

While speaking about MBA in MIM...

I was not at my best and I 've made lot of bad decisions there, but it gave me the strength to fight for, it gave me the strength to decide...

So without any doubt, I would say if at all I am able to make a judgment or to make a decision it is because of my experience and motivation that, I got from MIM.... I was a bit shy to face stage or to speak out and because of this, my presentation skills was not upto the mark. But MIM helped me to improve my presentation skills... the place which helped me to understand that I was wrong and I need to learn more. MIM helped to mould myself into what I am today. Biggest lesson from MIM which i got is to be a continuous learner so that one can succeed...
